98TH STREET PEDESTRIAN CORRIDOR ENHANCEMENT

Beginning in the fall of 2009, King County is transforming part of the 98th Street Corridor to make connections from Greenbridge to downtown White Center easier. Changes include a new pond overlook, bridge, staircase, improved lighting and ramp.

Promoting Walkable Communities

Foot First promotes walkable communities. We help people take steps to walk every day for their health, transportation, environment, community and pleasure.

Our walking maps engage community members, make it easier for people to walk, and educate neighbors about local issues.
