2017 Walkable Washington Symposium Sponsorship Opportunities

This year's venue:

Northwest African American Museum

October 18, 2017

8:30 am to 4:30 pm

Walkable Washington is an integral part Feet First's mission to promote walkable communities and empower people throughout our state to connect to the world by foot. Feet First welcomes your support to make our fourth annual symposium a success. Walkable Washington is a dynamic conference that brings together more than 150 professionals and advocates to engage and inspire pedestrian-friendly projects where walkability is central to the planning framework.

Your investment in Walkable Washington is critical to ensuring that everyone in our state can thrive in safe, healthy, vibrant neighborhoods.

The event has grown each year and we anticipate that this year's conference will attract more participants than ever. Speakers from a variety of agencies, businesses, and community groups will highlight their projects: sharing successes, lessons learned and replicable approaches to pedestrian-friendly planning.

Master of Ceremonies: Guy Michaelsen, Principal, Berger Partnership

Keynote Speaker: Mark Hallenbeck, Director, Washington State Transportation Center

For more information, please contact Karla Sclater at karla@feetfirst.org.

[Check the Feet First website](#) for updates as we roll out more details about this year's Walkable Washington Symposium.
